Public Workshop Notice: Avoided Cost Workshop – Implementation of E3 Methodology

April 18, 2005
10 am – 5 pm

Hiram Johnson State Building
455 Golden Gate Avenue, Benicia Room
San Francisco

Parties in the Avoided Cost rulemaking (R04-04-025) will meet to discuss implementation steps associated with utility application of the E3 avoided cost methodology approved in D05-04-024. Utilities are preparing to file their proposed Energy Efficiency (EE) program budgets for the 2006-2008 program cycle on June 1, 2005. These EE filings will contain Standard Practice Manual (SPM) cost-effectiveness calculations (tests) using avoided cost values from the E3 avoided cost methodology. E3 has constructed a new and separate Customer Energy Efficiency (CEE) calculator that takes output from the E3 avoided cost models and calculates two cost-effectiveness tests set forth in the Standard Practice Manual (SPM): the Total Resource Cost (TRC) test and Program Administrator Cost (PAC) test. Parties should take time to preview the CEE Calculator at www.ethree.com/cpuc_avoidedcosts.html.

The workshop will also address: (1) the instances in which it is appropriate to use hourly data or time-of-use data to evaluate certain EE measures; (2) the role of the Database for Energy Efficient Resources (DEER) data base; and (3) the Energy Efficiency Programs Reporting Requirements Manual. However, the focus of the workshop will be primarily on issues necessary for the utilities to meet their upcoming June 1, 2005 filing deadlines.

A detailed agenda will be circulated to the service list in advance of the workshop.

Contact: Wade McCartney at (916) 324-9010 or wsm@cpuc.ca.gov with any questions.

	I01-09-002	Order instituting investigation on the Commission's own motion to assess and revise the New Regulatory Framework for Pacific Bell and Verizon California Incorporated.

Summary: On March 31, 2005, Michelle Robinson, Vice President-Regulatory, Verizon California Inc. (Verizon), met with Cmmr. Kennedy at 120 Highlands Drive, Carmel, California. Also present were Dr. Tim Sullivan and Ross LaJeunesse, advisors to Cmmr. Kennedy. Robinson discussed Verizon's request to defer the Office of Ratepayer Advocates (ORA) award of an outside consulting contract pending resolution of its companion Petition to Modify D02-10-020. Robinson pointed out that the audit contemplated by ORA's request for proposal is very broad, and that if ORA awards the contract on April 18 absent a ruling deferring the award, customers may be required to pay much more for the audit than necessary.

--------	------------	--

Summary: On April 5, 2005, Marzia Zafar, CPUC Relations Manager for Southern California Gas Company and San Diego Gas & Electric Company, had a telephone conversation with Belinda Gatti, advisor to Cmmr. Brown. Zafar referred to Southern California Edison's March 31, 2005 letter to ALJ TerKeurst requesting Phase I-A discovery to continue and said that Edison has already conducted over two years of discovery and that the questions being asked are duplicative or previous discovery request (or not relevant at all to this proceeding). Zafar proposed that in light of the Commission's decision on Phase I-A discovery should not continue and that any further discovery should be limited to Phase I-B.
